13. Under the provisions of T.C.A. Sec. 67-6-102(12) and Rule 1320-5-1-.06 this applicant is authorized to:
- A. () To purchase or repair qualified industrial machinery without payment of tax to the supplier.
- B. () To purchase energy fuel and water and pay the reduced rate to the supplier.
- C. () Total exemption on energy fuel that comes in direct contact with the product.
- D. () Total exemption on water that comes into direct contact with the product.

Authorization Number Effective Date

Approved by For the Director of Taxpayer Services

INSTRUCTIONS TO THE SUPPLIER OF INDUSTRIAL MACHINERY, REPAIR, OR ENERGY FUEL AND/OR WATER

A copy of this approved form must be in your files to support the exemption or reduced rate claimed by the purchaser. This authorization may be used for these purposes only. If presented for any other reason, the supplier may refuse its acceptance. In some cases involving direct use of energy fuel and water, a proportionate billing may be necessary to allow exemption on the meter reading that gauges the energy fuel or water that comes into direct contact with the product during manufacturing or processing.

For further information or assistance call Taxpayer Services Division at (615) 253-0600 or within Tennessee only 1-800-342-1003.

WHO IS ELIGIBLE FOR APPLICATION?

Any manufacturer or processor who is registered with a sales and use tax number can apply for exemption on industrial machinery purchases and repairs, and reduced rates or exemption on energy fuel and water used by industries. Contractors who install industrial machinery or certain pollution control equipment also are eligible, but must apply on each project.

HOW TO APPLY

Complete page two of this form and retain a copy for your records. You must complete all questions that pertain to you. Incomplete applications will not be considered. There is no cost for filing an application.

FILING INSTRUCTIONS

Please read the following instructions before completing the form. The numbers to the left of each paragraph correspond to question numbers on the application on page two.

1. TYPE OF BUSINESS

Check the block to indicate whether the applicant is a manufacturer, processor, or contractor (authority will be granted to contractors on a per project basis only).

2, 3, and 4 COMPANY NAME AND ADDRESS

Enter the complete name, contact person phone number, and street address of the company. Post office box numbers will not be accepted. Also enter complete information on the location of the machinery if different from the company. This is especially critical for contractor applications.

5. SALES AND USE TAX NUMBER

Enter your registration number for sales and use tax purposes.

6. PRODUCTS

Describe in detail the type(s) of product(s) that will be manufactured at this location. Check yes or no if percentages are 51% or more on sales of products that are sold at retail or installed or contracted to install.

7. MACHINERY

Describe in detail the type(s) of machinery that will be purchased or leased for use in the manufacturing process and explain its function. Make, model, and serial numbers are not necessary. Give the approximate cost for the purchase or repair of industrial machinery over the average fiscal year.

8. OTHER PRODUCTS

Describe and list percentages of sales and total sales of products, if possible. If this information cannot be furnished at this time, this information should be compiled and furnished to the department upon request.

9. DIRECT ENERGY FUEL AND WATER USE DURING MANUFACTURING

Describe in detail the use of any energy fuel and/or water that comes in direct contact with the product during the manufacturing process. Such use may be totally exempt from state tax.

10. ENERGY FUEL AND WATER. SEPARATE METERING

If separate meters gauge the "direct contact" of energy fuel or water apart from other uses in the industry, complete exemption may be granted to that portion. Describe the use of separate meters in your manufacturing process or the possibility of their installation.

11. POLLUTION CONTROL EQUIPMENT

Describe any pollution control equipment installed.

12. AFFIDAVIT OF APPLICATION

The affidavit portion of the application must be signed by an officer of the company, with this name typed or printed on the document. The company's telephone number, including area code, must be listed. Unsigned or incomplete applications will not be processed.

13. FOR DEPARTMENT USE ONLY

Do not write in this space. This will be used by the Department of Revenue to return your authorization number to you and will become your proof of exemption to suppliers only one time.

For additional information, contact the Taxpayer Services Division in one of our Department of Revenue offices:
